Presentation to the Board: Four parents of Blades members, Claire Marlow, Allison Hayden, Jenny Lee, and Joe Meza, presented to the board with concerns over the recent rate increases. Discussions were had about exactly where the money from fees goes, concerns over having more than one child in the program, and different ways to generate income for the club other than fees. One major need was brought up that maybe people are unaware of our scholarship program and there's a need to revamp our application process to make it more accessible to all members. The board thanks these members for their time and insight into this matter. The presentation ended at 7:43pm and the above-mentioned parents left the board meeting.
